

# Magic Box

This is a game that the whole family can play together.

Everyone gathers around the magic box and the first player takes out the first imaginary object. They must then mime using the object or an activity linked to the object while the other family members try and guess what it is, e.g. a Hoover, a football, a book, a mirror.

When someone guesses correctly, they take their turn choosing from the magic box.

You can also decorate your box to make it even more magical!
