

Make your own kite

You will need:

- String or twine
- Wrapping paper or material
- 2 sticks
- Cardboard
- Sellotape
- Scissors, pen, ruler

1. Cut the wrapping paper or material into a kite shape.
2. Attach the two sticks, crossed over, to the back with tape.
3. Tie thread around the middle of the sticks and stick with tape.
4. Unwind the thread and wrap the end around some cardboard.
5. Add streamers to the bottom of your kite.

You could also make a kite out of old plastic or paper bags and decorate.
